Canada**

Eligibility for Dr. Michael Smith Science Fair Endowment Grants

To be eligible to receive a grant, an **organization** must:

- Be a qualified donee under the Canadian Income Tax Act with a charitable number or partnering with a registered charity for the purpose of this application.

See: www.cra-arc.gc.ca/chrts-gvng/chrts/plcy/cgd/qlfddns-eng.html

- Submit a proposal for a Science, Technology, Engineering or Mathematics (STEM) event or program with various supporting documents that outline and support:
 - a. A STEM event or program that shares the MSSFE Aims and Purposes. See: www.mssfe.ca;
 - b. That the event or project will enable educators and students to build capacity, learn and explore, and/or transfer knowledge and learning to others.
- Submit a budget for the proposed STEM event or program, including all revenue sources and expenses;
- Submit all required forms and documentation within the deadlines stated, no exceptions.
- Submit a follow-up report at the completion of the project and not later than July 30th of the following year.

Please note that individuals are not eligible for grants from MSSFE

Projects Eligible to be Funded

We seek to fund STEM events and programs that:

- Promote and foster interest in STEM amongst the youth of British Columbia;
- Provide resources that will encourage and motivate students to continue their education and to pursue careers in BC's science and technology industries;
- Provide travel assistance for students or teachers to attend Science Fairs and STEM events
 - The student or teacher must be enrolled at a British Columbia secondary school and be selected to attend the national or eligible international Science Fair or STEM event;
- Provide professional development and training workshops that enable educators to build capacity, learn and explore, and/or transfer knowledge and learning to others;
- Have a track record / experience within the Proposer's committee in administering such grant funds / organizing such events;
- Indicate a clearly defined method of evaluation of the project's effectiveness;
- Have a measurable and sustainable impact on the number of students involved;
Have support in the local community of teachers, parents and students;
- Provide realistic plans for longer term funding if the project is to continue.

We do not fund programs and projects that include:

- Expenses incurred prior to the application;
- Fundraising expenses;
- Political, religious or commercial activities.
